BNP PARIBAS’ COMMITMENTS TO THE ENERGY TRANSITION

REDUCE OUR EXPOSURE TO COAL

- No financing of coal-fired power plants
- No financing of coal mines
- No products & services related to a coal asset
- Only finance companies which are committed to diminishing the share of coal in their production

FINANCE THE ENERGY TRANSITION

Double our financing in renewable energies.

Target: €15 billion by 2020

- Rank among the top 3 issuers of euro-denominated green bonds

STRENGTHEN CARBON RISK MANAGEMENT

- Systematic use of internal carbon price
- Adaptation of rating methodologies to take climate change into account in companies and projects financing

COMBAT DEFORESTATION

BNP PARIBAS signed the BEI Soft Commodities Compact and committed to a net zero deforestation objective in its financing and investment activities.

Criteria to protect forests are included in agriculture, palm oil and wood pulp sector policies.

INVEST IN LOW CARBON ECONOMY

BNP PARIBAS investment partners signed the Montreal Carbon Pledge and the Portfolio Decarbonization Coalition, which engage to measure, publish and reduce the carbon footprint of managed funds.

BNP PARIBAS offers investors a large range of low carbon funds.

ACCOMPANY TECHNOLOGICAL INNOVATION

Support innovative start-ups to accelerate the energy transition.

Investment: €100 million by 2020

REDUCE OUR OWN GREENHOUSE GAS EMISSIONS
